## **REASONS TO ATTEND THE NSRC CONFERENCE**

### **INVEST IN YOUR PROFESSIONAL GROWTH**

Attending the NSRC Spring Conference allows you to strengthen your professional development while earning continuing education hours. It is an investment in your career, your knowledge, and ultimately the quality of care you provide to your patients.

### **BUILD PROFESSIONAL CONNECTIONS**

Conferences provide one of the best opportunities to connect with colleagues from across the state. Share experiences, exchange ideas, and develop relationships with fellow RT's who understand the challenges and opportunities within respiratory care.

### **LEARN FROM RECOGNIZED EXPERTS**

Hear from experienced clinicians and leaders! These presenters bring real world experience, evidence based practices, and perspectives that will inspire new approaches to patient care and professional development.

## NEBRASKA HOSA STATE LEADERSHIP CONFERENCE

The NSRC participated in the Nebraska HOSA State Leadership Conference on March 10<sup>th</sup> at Creighton University. Students from across Nebraska gathered for this event to compete in health science events, build leadership skills, and explore future careers in healthcare. Our NSRC members enjoyed meeting so many motivated students and sharing the impact of respiratory care as a career.

BONITA SPRINGS, FLORIDA

Experience Education  
that Energizes

## SAVE THE DATE!

The AARC Summer Forum will be held in Bonita Springs, FL on July 13-15, 2026.

Spread across 3 days, and designed for respiratory therapy educators and those in leadership roles, Summer Forum focuses on the topics, tools, and skills to bring back to your team and department. The event also offers added networking through a variety of interactive activities and exhibit browsing.

Summer Forum 2026 registration will open late April.
